

Mirpur University of Science & Technology (MUST), Mirpur AJ&K

(Student Wi-Fi Registration Form)

All **STUDENTS** of **MUST** should use the `Must-Student` wireless network, which provides secure Internet access. In order to register your laptop on the MUST network, you need to provide the following information:

Name	
Session & Roll No.	
Department	
MAC address (Laptop/Wi-Fi card) (NTC office use)	<i>(Students must visit Network & Telecommunication Centre (NTC) office along with their laptop to provide the MAC address)</i>
N I C Number	
Cell Number	
Email	
IP Address (NTC Office Use)	

Once you have provided the information, it may take a day to complete the registration process.

Terms & Conditions:

Please note! You cannot extend the MUST Network in any way with routers, hubs, bridges, switches, or internet connection sharing. Read the policies given below for responsible network use.

- Internet facilities are provided for use by students in undertaking their academic coursework or research. At its sole discretion, the University normally permits students to use the facilities for personal use subject to the following conditions:
 - a. Such use does not interfere with the legitimate use of the facilities by others;
 - b. Such use does not infringe any legislation, nor any other University policy or rules;
 - c. The user accepts that the University monitors usage of its facilities to an extent necessary for the efficient operation and management of those facilities, to ensure compliance with its statutory obligations, and to ensure that the rules and policies governing use are adhered to.
- The content of any e-mail messages sent must be lawful, and not include defamatory or libelous statements.
- Severe breaches of this policy, for example by downloading material of adult contents or unlawful nature, may be treated as gross misconduct which could lead to suspension or exclusion from the University and could result in criminal proceedings.
- If a user feels that a particular site should be blocked, user may request the University to consider blocking said site.
- Inappropriate use or misuse of a Computer & Internet access account may result in the revocation of Internet access privileges and/or the loss of other University privileges.
